daltile®

about us

Established in 1947, Daltile Corporation is a Dallas-based manufacturer and distributor of ceramic tile. Operating nine manufacturing facilities in the U.S. and Mexico, the company employs approximately 7,000 associates. Daltile is your single source for service and product with all the resources of the largest tile manufacturer in the U.S. at your fingertips. Daltile stands for beautiful design in every way possible.

daltileproducts.com

Protected by Design – Being a leader in the flooring industry, we believe the best designs require a continuing contribution to the improvement and protection of our planet. Over 97% of Daltile manufactured products contain pre-consumer recycled materials. By recovering and reusing materials that were once wastes, over 285 million pounds of waste is diverted from landfills each year. Daltile is dedicated to the vitally important objective of incorporating environmentally friendly materials, processes, and products throughout each stage of the manufacturing process. We are proud to be a member of the U.S. Green Building Council.
