Richwood Shutter Collection

CHOOSING THE RIGHT RICHWOOD SHUTTER FOR YOUR HOME IS AS EASY AS 1,2,3:

1. Select the color that complements your home's exterior.
2. Choose the style that best suits your personality. Add arch top or transom top extensions for added height and elegance.
3. Determine the size that fits your windows by measuring the Length (A) and Width (B). Consult the Richwood Specification Guide for complete size availability.

Raised panel or louvered arch tops can be added to circle top windows over 15" standard shutters. The raised panel transom top can be used over 15" standard shutters to accent a transom window.
